Legal Service

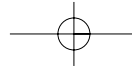

ADVOCACY SERVICE

Offers advocacy, advice & support
for disabled people from the black
& minority ethnic community.

essex racial
equality council

WHAT IS ADVOCACY?

- Advocates help people speak up for themselves or speak up on behalf of people with disabilities
- Advocates help people say what they want
- Advocates represent people's interests
- Advocates get the services people need to obtain their rights

Essex Racial Equality Council in partnership with Essex County Council Adult Social Care Services have set up a project to provide advocacy to disabled BME people living in Essex.

WHAT CAN WE DO?

Having trouble with Housing, Direct Payments, the Legal System, Health and other statutory organisations?

Our advocates can:-

- Offer confidential support and advice whilst understanding your specific language and cultural needs.
- Listen to your concerns and guide you through the different help and services available
- Act on your behalf when liaison is required
- Work with other advocacy organisations in ensuring you get the right service

WHY THE NEED? THE VISION

Evidence shows that Black and Minority Ethnic people are not accessing services because of language difficulties and a lack of understanding by statutory services of specific cultural lifestyles.

To empower Black & Minority Ethnic to find a voice!
